

## **BLET Lesson, CD and Video Revision Code List**

### *Master*

BLET revisions, enhancements and legal updates occur semi-annually. A coding system has been developed to ensure all BLET school directors and instructors possess the correct versions of all BLET lessons, PowerPoint CD's and videos. **It is imperative that all instructors use the correct materials.** The BLET Coordinator in Salemburg will retain a master coding log of all updates and revisions. Refer to the BLET *Course Management Guide* for additional information.

### **LESSON PLANS**

On the first page of **every** lesson plan's academic checklist, the letters "BLET" will appear at the top, left hand corner, directly under the header. The number following the letters "BLET" will indicate the suggested order of course delivery. For example, the *Course Orientation* lesson plan is coded "**BLET:01.**" When revisions occur, sequential letters will be added to the code each time, starting with the letter "A." For example, when the *Course Orientation* lesson is revised for the first time, the code will be changed to "**BLET:01A.**" The second *Course Orientation* revision will change the code again to "**BLET:01B.**"

### **POWERPOINT SLIDES**

The PowerPoint slides are located only on the CD. Access the slides by locating the file under each topic name. Opening the file launches the program into the "Student Show" mode. These are updated, when needed, to coincide with changes in the lesson plan.

### **VIDEOS**

Please refer to individual lesson plan academic checklists or the required *Video Resource List* to determine if you possess the correct version.

## REVISION LIST

*Revised August 2018*

LESSON	REVISION CODE / DATE
